Looking for a hairstylist w/in 20min drive of West Allis/ Brookfield area who is VERY good at choosing the appropriate style/cut for people's faces & lifestyle.

I've had long hair for roughly 20yrs & now need a "style" to it of some sort. Willing to cut as you feel appropriate. Would want to do a consult prior actual cut/style.

I do realize this may be slightly more expensive than simply making an appointment to have my hair cut.

!
