

Volunteer needed Internet search (Higher Ed.) (State

Location **Pennsylvania**
<https://www.genclassifieds.com/x-317247-z>

Seeking volunteer for internet search and data entry.

I need help with a state wide internet search and with entering the data into an Excel file.

I need the following information collected and organized:
Pennsylvania institutions of Higher Education which grant Master's and Ph.D degrees in:
The various fields of Psychology,
Public Health, Public Administration, and Prevention Science.
Program coordinators or administrators in that department, and their contact information.
Email and mailing addresses.

Optional information:
Contact information of administrators of field related trade or research associations.

At this time I am not interested in information from Undergraduate programs.

If you are interested, please respond to this listing with the subject "Higher Education".
I can answer any questions and if necessary send you with a template of the information in Excel to start your search.

Thank you for your.
