Delightful home in sought after Medina. Complete remodel in 2004 produced a spacious master up with private bath & large walk-in closet. The main floor has 3 bedrooms including an en suite w/ its own bath & another w/ French doors to the patio. A full bath & guest bath are also on this level. Beautiful tiles and stone work enhance the remodeled kitchen. From the generous living room, French doors lead to a private rear yard. It's quiet and peaceful here but close to everything!
