I need someone to visit three Maverick convenience stores around Salt Lake City and take photos of their e-cigarette displays behind the register. I want to know more about how they've arranged their cigarette and electronic cigarette displays, but I don't live in the area and so can't go myself.

Your job would be to visit three specific stores that I would tell you, go inside and take ~10 photos of the inside of each store, mostly focused on the e-cigarette displays. All photos would then need to be emailed to me.

I can pay \$100 per store via PayPal or your preferred method, for a total of \$300.

I'd like this job done Friday, March 19th if.
