We don't have so called blowout sales every week like all the retail stores.

Instead we have the lowest prices all year long.

Check us out at <http://thespawholesaler.com>

Look up customer reviews on our Facebook page, Google, and Angie's List.

With low overhead and huge buying power we sell for less.

We also have the best prices on covers, parts, and we service all brands.

This tub by the way has the longest warranty in the business. We will also beat any price on a comparable hot tub. With the exception of Inter-Spas and Dr. Wellness spas. Both of these companies are using Chinese parts and both companies have recently been bankrupt so they are not comparable to this Artesian Spa which has been making tubs for over 30 years.

We take trade ins and we have pre-owned hot tubs as well.
