Male ball python (Coventry)

Location Rhode Island https://www.genclassifieds.com/x-317607-z

Male ball python for rehoming. Loving little snake with great personality. Cant keep him due to move. Would like him to go to a child/ or classroom as pet instead of someone older just looking to add to their "collection". He eats 1 adult mouse f/t or live weekly. No enclosure comes with him so you must have one ready for him. He has been handled daily by myself, wife, and our daughter. Rehoming fee of \$50, negotiable for right.
