Speaking of harming realestate prices, guess environmentalist Sheldon Whitehouse is going to require homeowners, business and churches and other non-profits with septic systems in the older villages of Wickford, Saunderstown, East Greenwich, etc to get tied into the sewer systems . It means bringing sewage lines into the areas. He doesn't want sewage flowing into rivers, streams and then down into Narragansett Bay. The whole west bay isn't on sewers. Wonder if the east bay communities are on sewer.
