

Female American Rottweiler (columbia)

Location

South Carolina

<https://www.genclassifieds.com/x-317644-z>

Born August 01, 2013. Spayed, up to date on shots. She is not aggressive but is a fantastic watch dog - lets you know when someone is around. Stays inside 90 percent of the time and at night. Completely house trained and has never used the bathroom in the house. She is still a puppy in that she likes to chew if left unattended for hours at a time. I'm looking to give this dog to someone who is retired and is looking for companionship. She must be an indoor dog. I don't want her chained in a yard!!!! New home inspection is a mandate. If you think you can give this dog a great home call me at

We live in Columbia, SC. Sorry, no.
