8' X 16' ENCLOSED CARGO TRAILER WITH SECURITY UPGRADES- LOW MILES, EXCELLENT CONDITION \$3,950

This 8'x16' cargo trailer was lightly used for only a few months, most of which time it remained parked on our jobsite. We bought it for jobsite materials and tool storage, so it's sat much more than it's been driven. We beefed up the cargo security with just over \$500 in upgrades including custom fabricated steel security bars & locks on the side door and across the back door as well as heavier duty hinges and security stickers so we could store our tools and materials safely. It is also fitted with custom shelves and boxes inside the cargo area. We've downsized and let our crew go and no longer have the need for the trailer. It's a super nice unit that will serve you well.

It is the Hercules Homesteader Model 716HT. The dimension are as follows:  
 8'6" Total width, 20'4" Overall Length with tongue, 8'6" overall height (6'8" interior height), 2460 LB. Curb Weight, and has a 4540 LB. payload.
