

Models 16 to 24 Needed by National Company

Location **Tennessee**
<https://www.genclassifieds.com/x-317878-z>

We represent one of the largest manufacturers of leg wear in the USA. You've seen or probably used their products from H&M or Forever 21.

We're now searching for 5 new female models or with experience and for a brand new line of leg wear to be released this winter. The product focuses on size and fit. Previously, thinner young ladies witnessed difficulties with leg wear fitting correctly and this new line of products (Pantyhose, Tights, over the knee stockings & knee highs) addresses that issue.

If you are between the ages of 16 and 24 (Under 18 will require a parents consent eventually), we encourage you to apply immediately. No resumes required, only answer the questions below.

To be considered as a national model you must do the following:

Reply to this post stating "Why you believe you are a good match" to be one of the 5 models of choice for this new line of leg wear.

Submit at least 2 images (More if you have them) of you and be sure to include from your head to your toes so we can get an idea of your over all look. (Wearing tights is fine but not necessary).

Submit age, height and weight with your reply please. Also as this position pays a high salary, you will be required to get a social security number eventually.

Experience is not required. 5 models total required.

Thank you and we look forward to receiving your information + Good
