

Looking for someone with some painting and carpentry skills. (central Virginia)

Location **Virginia** https://www.genclassifieds.com/x-317927-z

Small home improvements and restoration company looking to bring someone on for a couple of jobs. Could turn into full time job for the right person. Must know how to paint and do some basic carpentry. Any other skills are a plus. Should have your own basic hand tools and transportation. We do work all over central VA and from time to time will take a job out of area. You either need to make it to the job site or to the shop for a ride if its closer for you. Please send me your contact info, experience info, and a few references. Resumes are welcome and always look more.
