My name is Michael. I live in Nashville, TN and I provide onsite music technology support for iOS, Mac OS X and Windows. I have 15+ years of combined experience supporting these platforms along with many years of additional experience as a composer and guitarist.

I specialize in helping new home studio owners get the most out of their gear quickly and effectively. Tell me YOUR needs, I come to your location, evaluate your situation and provide the solution(s) to get you up and running quickly. I offer hourly rates and flexible availability, including nights and weekends. Visit www.ModernMusicTech.com to learn more.

My services include (but are not limited to):

*iOS, Mac OS X and Windows DAW support
*Personalized training for Auria, Garageband, Logic Pro, Pro Tools, and Reason
*Troubleshooting crashes/bugs, stability issues, strange behavior
*Audio/ midi hardware configuration and sync
*Equipment consultations
*Don't see your issue here? Ask me!
