Hey drivers of craigslist!

My friend and I need to be back in Colorado mid-April to get back to the wolf sanctuary we work at. It's not exactly a convienent location to be driving by (in the Wet Mountains south of Westcliffe, north of Walsenburg) but if you could help us with a ride to Denver, Boulder, Colorado Springs, Pueblo, Canon City, Salida, Walsenburg or anywhere else within a few hours of Westcliffe, we would greatly greatly appreciate it! We're respectful, drug-free, have plenty of stories, and can help pay/trade for gas costs if needed.
If you're headed west out of Salt Lake mid-April, and could use some company, let us know! :)
We don't have cell phones but I check my email often.
