Several colleges have figure drawing classes going right now. Students are looking for opportunities to practice their drawing skills. We have a community group that meets each month and offers a "FREE" figure drawing session. There is NO charge to attend and free parking on the street. Our next class will be this next Monday, Mar 23rd from 12noon to 3pm. It will be held at the ArtHub (663 West 100 South), upstairs in room B1. There is no formal instructor, just open drawing from a live, undraped model. Bring your own supplies, paper/pencils/easel, etc. We share ideas, visit, listen to tunes all while practicing our drawing from a live model. As art students are encouraged to practice their skills, here's the chance to do it without any cost. We hope you'll join us, plenty of room so bring along some of your.
