

Hey there,

The band has toured throughout the northeast, have directly opened for blues legend B.B. King on his 2014 summer tour, were recently featured in popular northeast music magazine like Seven Days VT, Vents Magazine, Groundsounds, No Depression, etc., We had a good following and are looking for a good band to join us for these two nights.

Why, you ask? Because it's just more fun when you're meeting new musicians and collaborating.

Please let me know if you're interested, describe your band's sound, and provide recordings/live footage.
