Hey there,

The folk-tinged blues rock band, Hoochie Coochie Men, is looking to put together a show with a Richmond band for the date of Friday June, 26th in the Richmond area. We are playing at The Bayou in D.C. the following night and would be happy to split the bill with you there if we can do a show with you the night before.

The band has toured throughout the northeast, have directly opened for blues legend B.B. King on his 2014 summer tour, were recently featured in popular northeast music magazine like Seven Days VT, Vents Magazine, Groundsounds, No Depression, etc., We had a good following and are looking for a good band to join us for these two nights.

Why, you ask? Because it's just more fun when you're meeting new musicians and collaborating.

Please let me know if you're interested, describe your band's sound, and provide recordings/live footage.
