Looking for a bass player and drummer that have been playing for a while and know who the influences are (and plays that style). I have a bunch of equipment, a practice room, and lots of recording gear. I also have a bunch of songs recorded already that can give you an idea of what we're going for. Influences include: Hot Snakes, Thee Oh Sees, Billy Childish, Ty Segall, White Fence, The Stooges, The Mummies, Crystal Stilts, The Vaselines, Jesus Lizard, ect..

I'm 28, looking for people in that age range.
