Professional Lead Guitarist and Singer (Anywhere)

Location Alabama https://www.genclassifieds.com/x-318224-z

I have 35 years stage experience as a lead singer and quitarist in the Country/Classic Rock genre'. I am currently working on the Gulf Shores, Al / Perdido Key, Fl. beach circuit. I would like to pick up with a 4 or 5 piece working band, a band in transition, or start a duo/trio with someone. Willing to relocate for the right opportunity. This is my occupation. I am dedicated, loyal, and a mature, drama free adult. I sing hits from the 70's to current Country selections from the ACC top 100 in most years as well as some Rock. I also sing harmony. I play acoustic rhythm and electric lead guitar, both Country and Rock. I have my own gear; a large repertoire and transportation. Just need like minded players with a good PA system, professional attitudes and be able to gig 3-4 times a week. I have a song list upon.
