Hello!

My name is Laura, I'm a 29 year old college graduate with many years of childcare experience. I know First Aid and CPR, I'm detail oriented, organized and have great communication skills, which I believe are among the most important skills for a nanny!

I'm a loving and protective sitter, follow parents rules and itineraries. I'm also great with pets (specially dogs), in case you have any. I believe in creating a positive and happy environment for children, one in which they feel protected and can thrive.

If you have any questions my cellphone is

Have a great!
