Has your child told you stories about past life memories? Are you beginning to believe these memories are real? Does your child have unexplainable phobias, medical, or behavioral issues? Do you have an inkling that your child's night terrors, insomnia, or even birthmarks are symptoms of a past life?

The television show "Ghost Inside My Child" is currently seeking more families to share their amazing stories on its upcoming season. If you or anyone you know has a child who has memories of a past life or inexplicable knowledge of historical events, please email us with details.

The right person for this gig will need to be able to do an interview on camera as well as do reenactments with children, pass a background check and psych evaluation. No on camera experience necessary. We will work with your availability.

Please do not flag this post for deletion for no reason.
