

MUSICAL CHILD CARE with Kindermusik Program (Encino)

Location **California**
<https://www.genclassifieds.com/x-318463-z>

***** We are excited to open our MUSICAL CHILD CARE program in a warm, quiet, loving home! *****

The primary goal of our program is to create a safe, clean, loving, warm, caring and stimulating environment that will encourage the children to learn and explore.

Our special journey is to incorporate music in everyday life. We believe, that in early childhood education, quality music is an everyday spiritual food that every child deserves to experience. We want to see your child laughing, happy, and enjoying their day, while involved in academically stimulating age-appropriate activities. Eating healthy and nutritious food will create a balanced routine for life.

We build the children's' self-esteem, help them to be emotionally balanced, self-confident, intellectually curious and share their time with others.

***** Elizabeth is educated as a teacher in Europe and in the United States.
 ***** Over 20 years of experience as a teacher with young children.
 ***** Licensed Kindermusik instructor for over 10 years.
