Looking for someone with past experience that you can send references to do the program of the computers move system to secure location and have it up on extra laptop then show me how to run it no pass code it was thrown away with box. So you will need to know what your doing and are or have been low volt elect. Clerical work asap break down desk and file cabinet build back up nice and neat. 10-15 hour doe.

Need general labor help as well. I am also at my wits end for flaky.
