

Stolen Coach purse and wallet (OKC Boathouse)

Location **Oklahoma** https://www.genclassifieds.com/x-330468-z

On Monday, March 16 I had the pleasure of visiting Okc from out of state and had my car burglarized at the boathouse that evening. The thief stole my black coach purse and turn knob coach wallet. Has someone you know posted for sale in local buy/sell trade groups or started carrying this bag? My purse was an all black hobo bag like the one in the photo. My wallet is light blue with green inside exactly the same as the photos. Some items from my wallet and purse were found, so either the thief still has these or someone found my ditched purse and wallet and then cleaned them out and kept for themselves. These are no longer available for purchase from Coach. Please contact me with any info. Reports filed with the police. Reward for return of my.
