

Woodturner looking for workstudents (Rochester)

Location **Vermont**
<https://www.genclassifieds.com/x-331029-z>

Hi,

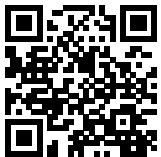

My name is Matt. I'm a professional woodturner living In Rochester Vt. orionally from Phoenix AZ. I make a broad range of High quality wood turned products, mostly of which are utilitarian,lidded containers, rolling pins, coffee scoops, platters and vessels. I'm the woodturner at Shackleton Thomas furniture in Bridgewater Vt. where many of my own designs are implemented. In My own work, I've taught woodturning as a professor for 2 years, done demonstrations at national woodworking symposiums, am a woodturning tool endorsee, and have had my work featured in the buyers market of American Craft. I'm looking for anyone who is in need of production turned items, i.e. posts, stair spindles, legs etc. or someone wanting to learn the craft of woodturning. I have 11 years experience in the trade and plenty to offer.

Thanks and Best Regards,
