Location **Virginia**

My roommate and I are looking for 2 girls to sublet our room in our 4-person 2 bedroom apartment for the months of may until the lease ends in August. This specific unit contains a large living space and large kitchen with an island. The room we are subletting is to share between 2 roommates. The whole apartment is a 2 bedroom, furnished, includes under the bed storage as well as a spacious closet. Room includes a bathroom with bath/shower. This place is STEPS from campus and on the VIRGINIA COMMONWEALTH UNIVERSITY bus routes! It's a great unit and a great location with an excellent maintenance staff. If we both weren't leaving for the summer we would be staying in this apartment unit.
