So we only took this young pup from a bad situation so it wouldn't end up at a shelter knowing we need to find it a home but better then a shelter, we have had it for about a week and a half. from what we were told she is a boxer mix with blue nose pit and about 9 months old. No clue about any shots or anything, but she is timid from being beat but warms up quick, does better with ladies just cuz a guy was the one beating her. But i have 2 other dogs she does great with as well as a 1 yr old and 5 yr old kids that she does great with . She is free to a good home where she won't be beat. text me if intetested.

bottom dog in pick she is only 40lbs so not very
