Found Little Brown Dog (Wendover)

Location **Utah** https://www.genclassifieds.com/x-331384-z

I found this guy outside of Motel 6 in Wendover. He has a registration tag for San Luis Obispo, CA, but a search for his number yields no result. His rear right leg doesn't work. He's sweet as pie. Is this dog being missed by anyone? Please let me!
