What's your New Year's Resolution? My New Year's Resolution is to have a successful and thriving business! So help a girl out and book your online, or home, party for 2015 today!

Do you enjoy doing your nails? Do your friends? Do you like earning free products and rewards? Then we have something just for you!

The story of Jamberry Nails begins with three sisters who possess distinct personal tastes, but share a love for style. After an expensive afternoon together at the nail salon, Lyndsey, Christy and Keri vowed to find a simpler, more cost effective way to keep their hands looking polished, while still spending time together.

After lots of trial and error, the proprietary nail wraps of Jamberry Nails launched in late 2010. The DIY, at-home application and incredible variety of designs caught on quickly and sales soared. A new era of nail art was born.

Gone are the days of nails that chip and flake after only a few days! Gone are the days of the single colored manicure. Gone are the mani/pedis that take all afternoon and most of your cash too! Jamberry nail wraps arm you with style and confidence while demanding very little of your time or money.

If you've already been wearing Jamberry Nails, you know they are addictively fun. Hosting a Jamberry Nails home party gives you a fun, social way to earn great products and rewards for free! Still looking for
