Konexion is an international entertainment company headquartered in Baltimore.

Come record in one of the best equipped studios in Baltimore featuring gear from API, Solid State Logic, Empirical Labs, Shadow Hills Industries, Seventh Circle Audio and more along with a fantastic mic collection.

We do all styles including full bands of all types, hip hop, and commercial recording. We offer a nice selection of drums and instruments as well as session musicians.

We do live instrumental production. If you want to add live instruments to your track we can do that.

Work with a producer and engineer with over 15 years of experience making records in all styles of music.

Our new recording studio features a professionally designed studio with a lounge, full kitchen, and full bathroom.
