

Make Video Games (metro detroit)

Location **Michigan**
<https://www.genclassifieds.com/x-332318-z>

Hello!

I am looking to collaborate with like minded Blender, Unreal Engine 4, and or Gimp users! Looking to build a team for making interactive virtual reality games and experiences (Oculus Rift) and non virtual reality games too.

I am not looking to "hire" I am looking to work with like minded people and hopefully make something cool. For the time being I am just trying to get a team together, make something for free (get noticed) then make money :)

Interested? Fill out the form at:

<https://modelsushi.com/creators>

Thanks for your time!
