I am a videographer and photographer in the self help, motivational industry for some time now - 5 years. It is time to branch out and tell my story. To touch, move and inspire a generation of individuals that are waiting for a voice of reason, for motivation, for guidance or reassurance.

I am seeking someone that can put upwards to 70 grand on the high end to 10-20 on the low end for my projects. I can create a budget based off of what you want and can contribute. I have two documentaries I've began shooting and a live event I am producing where I will feature myself along with successful thought leaders. I have created 2 Live event Platforms I have not released, along with several potential products that are waiting to hit the market. I am writing a book with a name and subject guaranteed to be a national best seller and will turn into a movie.
