Full Length indie drama/comedy film about relationships. This is a story about a group of people who can only connect physically, but when it comes to intimacy and romantic love, they are an emotional mess. IMPROV HEAVY. This will involve partial nudity, scenes of simulated sexuality, and each scene will be collaboratively choreographed with the actors. EVERYTHING TASTEFULLY DONE.

3 days of shooting (5 hours each day)/ \$100 dollars TOTAL for three days.

The film will look at several issues head-on and we'd like to approach the film as boldly and as honestly as possible.

Send pics, or resume, and a demo reel if any or even a Youtube video.

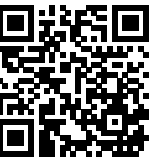

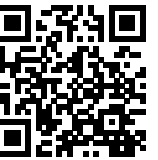

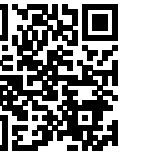

(The film involves scenes of intimacy/nudity and sensuality, but it will ALSO be a very collaborative effort)

Meals, reel footage, and DVD copies will be provided. (I DO NOT screw around with this. I'll get you footage and IMDB credit promptly)
