Dennis Bosley Topsoil, I have been in the business for over 40 years.

- Rich, black topsoil for sale
- Our topsoil is very high quality compared to competitors. The soil is virgin, which means it has never been farmed. Farmed soil is stripped of its nutrients and is often sprayed with chemicals.
- We are Greenhouse & Nursery approved.
- Available to be picked up or delivered.
- Pulverized soil is available. This is black top soil that has been processed through our Pulverizer. The Pulverizer turns regular topsoil into a fine workable product; works great for fine grading and smoothing out rough surface areas in your lawn.
