

Air conditioning amp Heating (Gaithersburg)

Location **Washington**
<https://www.genclassifieds.com/x-332865-z>

If you want the air conditioning or heating problem solved right from the first time, give me a call. Over 10 years of non stop experience in the field on various types of equipment. Hundreds of happy customers.

Do only honest job, meaning, that I'm not gonna try to replace parts, that are not bad.

I'm looking for customers to keep, not just to make a quick \$.

I can get units at discounted price, so I can pass those savings to you. My price on system replacement is half or more lower, that what companies charge. Provide warranty.

Can repair the equipment on the same day, since I carry most parts.

Give a call, save and get it fixed
