

x0024125155 4br (18562 USD)

Location **Montana**  
<https://www.genclassifieds.com/x-333514-z>

#### Overview:

In this spacious home, you'll find room for everything--the smart design brings together four bedrooms and two baths, family room, living room, 5 piece master bathroom suite and a separate laundry room conveniently located off the ample kitchen. The optional garages are stick built as attached or detached, depending on preference. You can affordably upgrade the 4' concrete foundation to 8' basement walls for only \$7,440.00.

#### Flexibility:

The price quoted includes a 4' concrete foundation, standard specifications and is built to your states IRC Codes. Call or email us for a site specific quote on delivery and set-up cost. Our building crews perform work on homes to be set in 5 neighboring states. RusTek Builders will assist the do-it-yourself homeowner with as much or as little building services they feel they need as well as performing all building services for the homeowner requesting a turn-key project.

Simply email us your request and we will personalize a scope of work estimate.

#### Availability:

For your conveniences, RusTek Builders model home and design center is open daily. We offer hundreds of home plans, custom options and upgrades for maximum flexibility and style. We invite you to stop in at 5231 134th Ave. NW in Williston, North Dakota or schedule a private showing with our sales department.
