K&S Sealcoating proudly in our 12th year in business serving all of new jersey for your asphalt needs. Commercial and residential Sealcoating, crackfill, pothole repair, Line striping, parking block sales, and more. There is no job too big or too small whether its a parking lot or a driveway. We are fully licensed and insured.

We use only quality products to service your asphalt. meaning all hot products, none of that store bought cold application stuff that never lasts. Our crackfill is a hot rubberized asphalt filler, we repair potholes with fresh hot asphalt. Our line striping is done with only D.O.T. traffic grade paint. We also provide a thermal infrared pothole and crack repair that literally doesn't fill, it repairs back to original asphalt which means those cracks and potholes are gone.

Our mission is to bring your project back to life, restore its condition, and give it a longer longevity.

We pride ourselves on our attention to detail so that means no overspray, and lots of curb appeal.

Our prices are very competitive which means we don't match our competitions prices cause if we did we would have to raise our prices!

Call today for your free estimate and remember "Don't just protect your investment, cover your asphalt!"
