

Health related community program (Portland East)

Location

Oregon

<https://www.genclassifieds.com/x-334648-z>

We are doing a long-term project that involves several switched shoots with three to four cameras and sometimes we do the switches in post production.

This is a totally free project for people living with chronic manageable diseases

The programs will be technically produced at almost any time during the next year or two. All of them involve programs about health and wellness through exercise and nutrition.

We need a director and camera operator as well as.
