

Lets create some art... (Tulsa)

Location **Oklahoma**
<https://www.genclassifieds.com/x-334778-z>

I am in need of models, preferably female, preferably experienced, but in all honesty, this gig will go to the first qualified people that email that are deemed legitimate and reliable (and those seem to be hard to come by on here).

What I am doing is this:

First shoot: Instant Film Camera - I am shooting a shoot using nothing but alternative media. First and foremost, I will be using a vintage Polaroid SX-70 and an Instax 210. Examples of Instax photos are located just above this description (and no, your face will not be covered by a smiley when you receive copies of the photos). I have a style, but the model is welcome to deviate within that style and will be allowed to wear as much or as little as she prefers, as most anything looks cool when shot by a Polaroid.

Second shoot: Black and White Film - I am shooting black and white film, and film only. The shoot will be a combination of 4 cameras. The first will be a 1973 Canon FTb, with flash, the second will be a 1985 Canon AF35m, with flash, the third is a Holga 135bc, and the final camera will be an Ilford Black and White disposable. The wardrobe on this is a bit more restrictive, as is the location, as these cameras are tough to shoot with and I have a look I need from these photos.

Third shoot: Full color digital with a ring flash to illuminate, no lights. This shoot will be the most flexible in location, dress and format, although there are 2 things I am looking for in a model here: Eyes, and eyes.

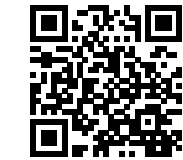

The eyes have to be good. Examples (of everything but the eyes) shown above.

I am interested in all, of the above shoots. Know this, the pay is not a small edit, but it is not flexible. I am looking for an interesting person creating art, and with a couple of photos and a video, you would be interested in it. I know sometimes you are able to ask for a photo, but the shoot pays, I will know you didn't read this far and you will be automatically crossed off my list.

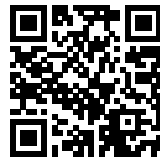

Thanks for listening. You may now resume your.
