hello portland pet owners!

i'm an absolute animal lover, and have years of experience taking care of both cats and dogs. i want your beloved pets to be safe, happy, and well taken care of.

i have been pet sitting for several years, and in general have a natural affinity for animals. over the years i have lived with many cats and dogs of all sizes, breeds, ages, and personalities, and references can be provided for satisfied clients whose pets i have cared for.

animals tend to love and trust me -- even ones that are normally scared or distrustful of people. my reputation among the many outdoor cats in my previous neighborhood was such that once spotted, they would often run up to me to get the pets. :p

i have been vegan for over seven years, and you can be assured that i will take your animals health, happiness and well-being seriously! if you would like, i can regularly send you phone pictures taken during our walks to show that your pets are getting the exercise that you expect.

i have my own reliable transportation, so i can take dogs to the park, make emergency trips to the vet (or to pick up pet supplies), or other needed errands.

i can also do overnight stays if you are going out of town or on vacation, and need someone to stay at your house to look after your pets.

i can also do pet sitting, dog walking, house sitting, and combine all of these services. i am available for short or long term, and prefer to be paid in cash, but i can also accept paypal, venmo, and credit cards. i can also do errands, such as grocery shopping, pet supplies, and whatever else you may need done around the house.
