We at Computerz101 can help you one on one with your website in the development and setup process. Do you simply need your website redesigned changing the colors, layout, text, adding or removing pages, adding new graphics, whatever it might be Give us a call at ? we are open 7 days a week.

Ask for Michael.

Also provided is Search Engine Optimization (SEO) - This SEO can acquire increased search results by using a different and more effective method of search, by giving search engines cutting edge, popular key words and more that enable you to optimize your results greatly.

More commonly known as Local SEO, Geographically Targeted 'Search Engine Optimization' is the mechanism of pin-pointing a website by its topographical location; thus allowing search engines to organize your website by geographical location which is essential for a high number of search ranking in the results.

Now when talking a little bit more about (SEO) we will work with you to obtain the best search results in the major search engines when putting together keywords list and making sure the content, title, and all the Meta tags are relevant to each specific page of your website. To in turn gain you higher rankings and move up in Google, Yahoo, Msn, etc....

We can provide these services for you within your website packages at no extra charge some companies charge a monthly fee, or charge thousands of dollars to do (SEO) we don't.
