#1 IN FIREPLACE INSTALLATION###

WE INSTALL:

Gas Fireplaces

Gas fireplaces provide a convenient alternative for those who want to enjoy fireside warmth and comfort without the effort of wood.

Our collection includes a range of indoor/outdoor gas fireplaces, available from manufacturers such as Town & Country, Valor, FMI, New England Stoves among others.

General Contracting installs zero clearance, freestanding units or inserts.

Chimney Sweep

Keeping your fireplace and chimney clean are a vital part of home safety. When you schedule a chimney

sweep with General Contracting ,we not only clean the fireplace and chimney, but we also complete a full inspection of the installation of your chimney.

Chimney repair
 If you have a chimney, you need repair work to be efficiently kept. Maintaining your chimney can prevent water intrusion and chimney fires. We can help you maintain your chimney with Water Sealant,

Flush Seal and Crown Coat to keep water from causing damage. If problems have already occurred, we work with a skilled mason and can even rebuild your chimney if necessary.

Agency and FMI Gas Stoves have the look of a freestanding wood stove but offers you the convenience of the following:
