Hey there!! Two 23 year old roommates (guy and girl) looking for a third roommate to fill vacated room. Our third roommate is moving back home and needs a sublet badly. The bedroom is big (biggest in the apartment actually), multiple windows, super spacious. The apt itself is great; huge basement, private walk, front porch, nice kitchen, location prime, etc. Anything you could want in Burlington is a step away as we live right near downtown. This bedroom is a steal, and the lease is from when you move in until August 31, 2015!! We are easy going people, one is a senior at UVM graduating in May, the other is a recent graduate working in Burlington. Details: 625/mo rent, we pay gas/electric/internet but these utilities usual total 100/mo at the most with the good weather upon us!! Coin Laundry on site. Contact me for any questions and if you want to check out the place. Repeat: This is an awesome apartment. Thanks for:)
