

x0024500 Female Seeking Summer Room in Nash (Nashville)

Location **Tennessee**

Hello,

I am moving to Nashville in June and looking for a place to stay. I'd preferably have a term beginning in June and lasting until August but I am open to a long term stay if it's a great fit! I am flexible so please just let me know.

About me: 25yr old professional female, California native, non smoker, no children (neither human nor animal), easy going & tidy. I will be starting graduate school in the area this summer so I probably won't be at the house much during the weekdays. I like to spend free time going to shows and festivals with friends and breaking out a bowl of popcorn to watch Netflix marathons.

My ideal budget for housing is about \$500 but I am open to paying a little more if need be! I will have a car so a place with a garage or off street parking would be a perk. Although I don't have any pets with me, I love them so I am cool with cats and dogs in the house.

Please contact me if you have a room available and think we'd be a good fit!

!
