Paddle the North Platte River!

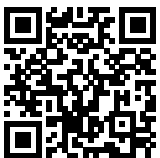

Enjoy a day canoeing the beautiful North Platte river. Former instructor/guide (now ancient mariner) looking for paddling partner(s) for day trips out of the Saratoga area. No strenuous paddling or big water. Just a chance to relax and chill out while floating with me and mild-mannered Cap'n Jake the border collie. This is an outstanding way to explore a beautiful riparian zone with abundant wildlife and great opportunities for photography --or simply relaxing in the warm Wyoming sun.

I have boat(s) and all related gear; would need help with hauling/car shuttling from Centennial/Laramie area to Saratoga.

Trips start in late May-Early June and are available throughout the summer.

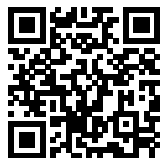

If interested, please call Richard at

Thanks; we hope to hear from you.
