Hello, I'm a busy professional in need of a live-in nanny to watch my 2 1/2-year-old son weekdays and two weekday nights, roughly 40-50 hours biweekly. I have shared time with his father, giving you the opportunity to acquire other nanny positions that my son is more than welcome to accompany you in after approval. Rent is free in exchange for childcare. I request open availability every other week when I have him, as my schedule is on call. Current consistent hours needed biweekly are Monday and Friday 7-10 and Saturday 9-5. I may have 2-3 random 3 hour requests for you to watch him as well at your convenience. We can procure a contract to make the situation fair for both of us. Feel free to make suggestions for hour preference, maximum preference, etc.

My son is a highly intelligent child who needs to be challenged in his mental and social development. Must have experience in the education field and be willing to take him on outings and play dates. Must have a creative mind for academic and musical instruction. Must provide your own car. Must have a nurturing but firm hand to handle his strong and playful personality. Feel free to call or message me if interested!

Thank you,
