

Looking For Small Sprockets and Gears (gallatin)

Location **Tennessee** https://www.genclassifieds.com/x-335717-z

I'm looking for small sprockets and gears (around the size of a thumbprint) of various types. If you have some that you'd like to sell for a small fee, or if you're just looking to get rid of them, can you please txt or call me? I'd appreciate it. I may also be able to barter with.
