

ReggaeFunkWorld music band seeking singer (Venice)

Location **California**

We are seeking a singer to join our world music band. We play mostly originals but throw in a few covers of crowd favorites to help get the people dancing. Styles we play include: Reggae, funk, latin grooves, AfroCuban rhythms.

We're located in Venice and will be playing gigs this summer around Venice/Marina/Santa Monica and beyond. So that would mean: a few rehearsals in the next couple months (minimal time commitment) and then gigs as regularly as possible, with rehearsals as needed. Equal split, always.

Some of our videos are here:

And rough demo tracks with just the guitar and congas are here:

If all this sounds cool to you, please drop us a line and tell us a bit about yourself.
