I am looking for submissive men that are willing to give up absolute control of themselves. Arriving at my 20 acre farm and becoming a part of it and my property. They will be trained to work the farm, and will share living quarters with me and the other disciples. you will be used however i see fit, though this is more for physical labor than sex. you will sign over yourself to become a true disciple and learn a new way of life

If you are interested reply with your age, stats, and a few pics, put your true disciple in the subject line or be mistaken for spam

This will become an off grid farm as everything continues and be a prepper haven, it will be primarily males
