

PAID Research study for current cigarette smokers (Fayetteville)

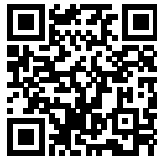

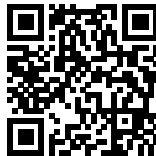

Location **Arkansas**
<https://www.genclassifieds.com/x-336301-z>

If you are over the age of 18 and a regular cigarette smoker, you may be eligible to participate in a product rating and decision making study that may include rating nicotine cigarettes. As a participant in the study, you will be asked to complete questionnaires and to complete several tasks in the lab, including a computerized card task and a physical pain tolerance test.

Your time is important to us, and you will be compensated \$30 for a two-hour study that will take place on the University of Arkansas campus.

If interested, please contact the Laboratory for Emotion and Addictive Processes at and ask about the product evaluation study. You can also email for additional.
