I am selling my barely used Samsung Galaxy S5 cell phone. I used it for less than one week and decided to go back to my old phone. I had it in a case with a screen protector on it the entire time so there are no scratches or dings anywhere on the phone. It is in perfect condition. The phone is through Sprint carrier, and it is white. I will send pictures to anyone interested. Please serious buyers only and text me with any questions. Thank.
